

PRMS Risk Management Education Programs

PRMS presents risk management educational sessions in various formats that educate residents and practicing psychiatrists on the malpractice risks they may face. Our extensive knowledge in managing psychiatric risk is a result more than 35 years of specialty-specific protection, making us a leader in proactive risk management for psychiatrists.

TOPICS INCLUDE:

- **Telepsychiatry**
- **Treatment of patients with suicidal behaviors**
- **Psychopharmacology**
- **Social media**
- **EHRs**
- **And more!**

PRMS can present its programs to your Department of Psychiatry as a Grand Rounds, or to residents and fellows in one of our highly regarded PREP® sessions (PRMS Residents' Education Program).
